

Eagle Squadron Heritage Society 2019

The *Eagle Squadron Heritage Society* was formed in 2007 to recognize the extraordinary commitment of a number of the AAM's members to the Museum's mission to educate young and old alike about the American airmen who gave their lives in defense of liberty. The Board of Trustees of the American Air Museum in Britain would therefore like to welcome the following donors as 2019 members of this select group of supporters and thank them for their most generous support.
